Qatar Electronic Publishing & Trading started in 2005, a branch of Qatar Information & Marketing. QEPT delivers end-to-end IT solutions to the Qatar market, based on our core competence - a continuous learning process driven by our customer experience and related market needs. QEPT's strengths lie in how we dimension, design, develop and deploy our solutions.

OUR SERVICES

- Mobile Application Development
- Web & Multimedia Solution
- IT Infrastructure Design & Management
- Digital Marketing

OUR PRODUCTS

- Microsoft Office 365
- Qatar Domains
- Time Attendance & Access Control

MOBILE APPLICATION & DEVELOPMENT

We offer innovative mobile technology solutions to a wide range of industries and business functions, combining the best-of-breed applications and platforms. QEPT designs, implements and manage mobile solutions that are easy to maintain, scale and in sync with your business needs. QEPT's mobility solutions include applications for handheld platforms; mobile websites, portals and content management system.

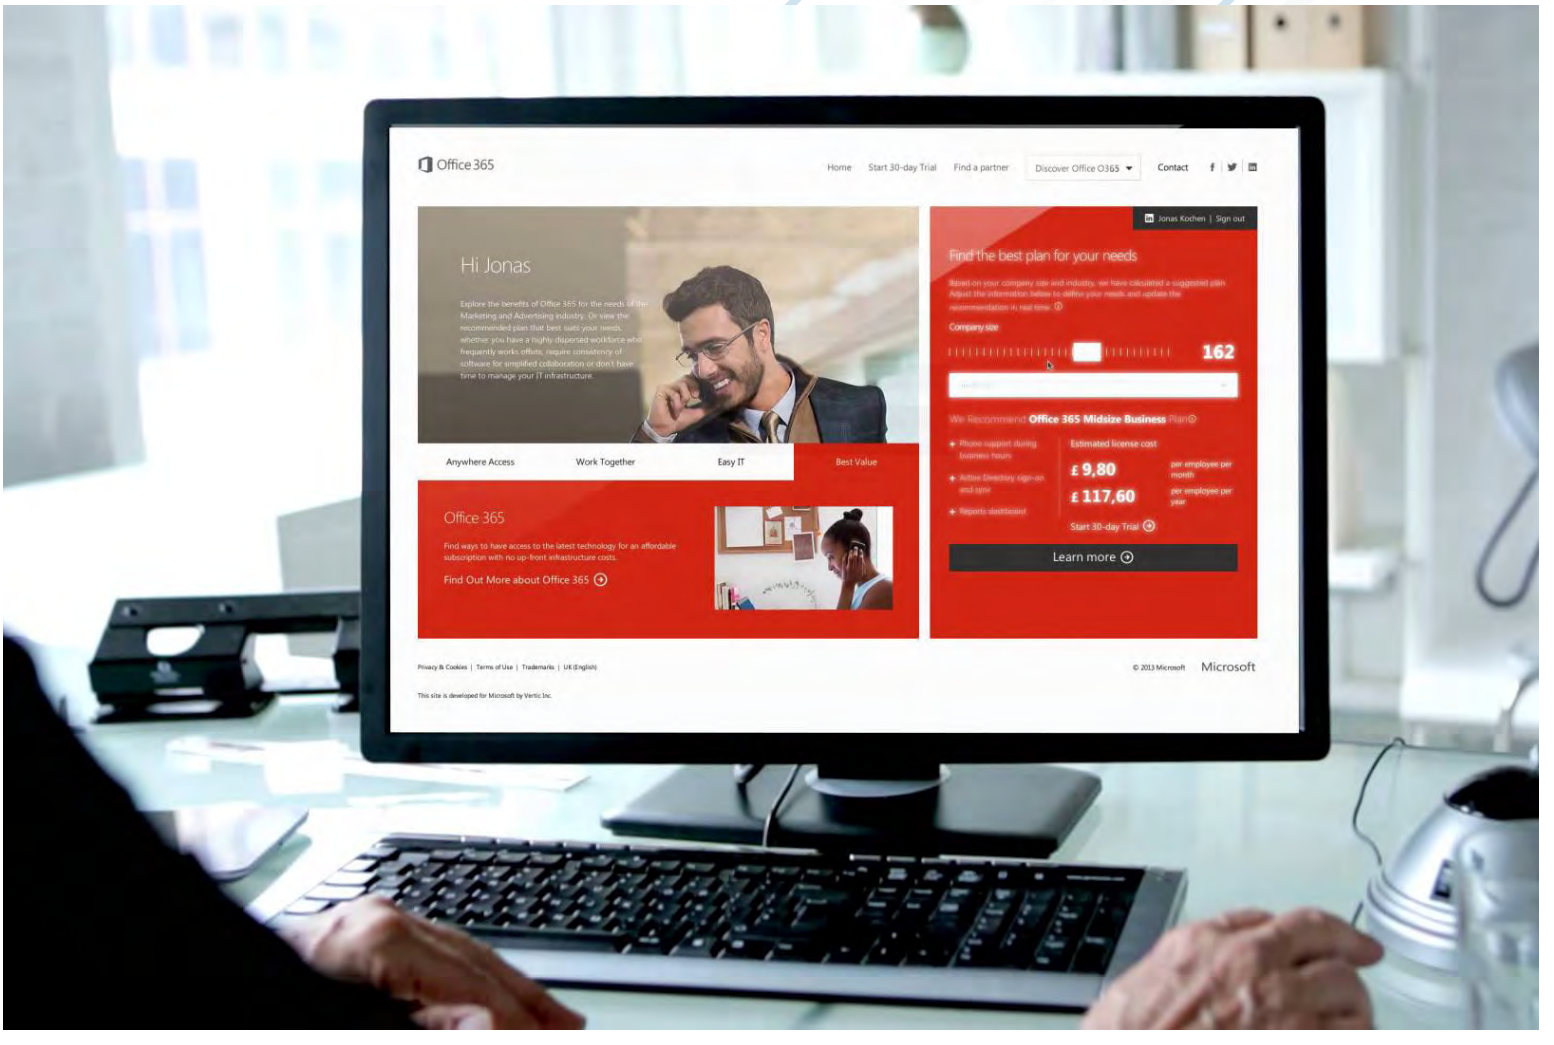
WEB & MULTIMEDIA SOLUTION

The most impressive websites and app experiences are rooted in smart design, embody clear vision, and are backed by the right technology. Best-in-class digital projects require technology that perfectly supports the design. We rely on the right tools for the job, not a one-size-fits-all tech stack. At QEPT, professionals put great efforts to ensure that each of our clients receives an outstanding UI/UX design service.

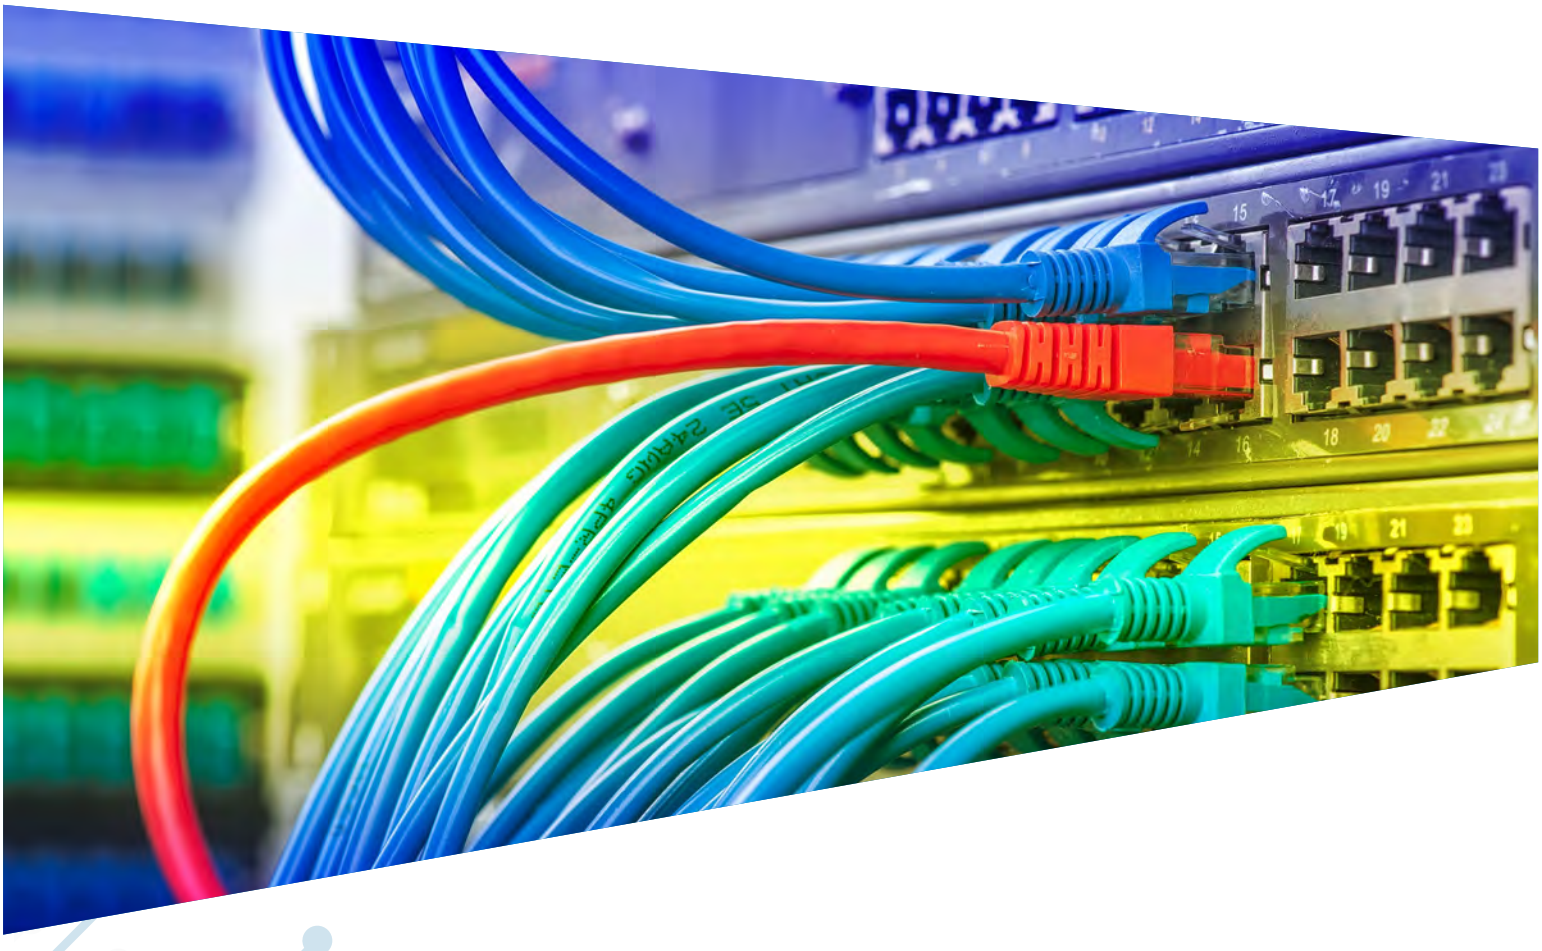
Office 365

MICROSOFT OFFICE365

Get the value and simplicity of Microsoft® Office 365 for small businesses, a set of web-enabled tools that let you access your email, documents, contacts, and calendars from virtually anywhere, on almost any device. The service brings together online versions of the best communications and collaboration tools from Microsoft, at a price that small businesses can afford. Work from virtually anywhere, be productive on the go.



IT INFRASTRUCTURE



IT INFRASTRUCTURE DESIGN & MANAGEMENT

In today's business scenario, enterprises seek to transform their IT Infrastructure Services to gain scalability and flexibility. This helps optimize infrastructure consumption, reduce the Total Cost of Ownership (TCO) and brings in a competitive edge for enterprise success. Our consulting and managed services deliver the resources and capabilities required to assess, design, build and manage an agile, flexible IT environment.

QATAR DOMAINS

DOMAIN NAME

QEPT is an Accredited Registrar. As the saturation of the Web continues, .qa domain names offer new businesses the best opportunities to be known. Without settling for the obscurer names available on the usual domain name extensions and by taking advantage of localizing the Web, an online business or individual website can protect itself from being lost among the many.

DIGITAL MARKETING

DIGITAL MARKETING

Digital marketing is essential in today's world. With both competitors and potential customers constantly online, digital marketing is the only way to stay ahead. When you're a small business owner the online world can seem intimidating. We can offer our succesfull suggestion for SEO, PPC, Social Media Marketing to name a few.

SYSTEM INTEGRATION

TIME ATTENDANCE & ACCESS CONTROL

At QEPT we integrate various systems to provide a customized solution to the client. We have executed many projects in Qatar customizing time attendance software to be integrated to ERP solution. We sell FingerTec branded bio metric time attendance \ access control system. The output generated from this software provided by FingerTec is then customized to integrated with any ERP solution for payroll purposes. We also use Neuro Technology's Verifinger SDK to provide custom bio metric solutions to clients in Qatar.
